

ABSTRACT

THE HISTORY OF THE TEXT OF *TALMUD YERUSHALMI*:
STUDIES OF THE GENIZAH FRAGMENTS

Elyashiv Cherlow

The Genizah fragments of the Jerusalem Talmud are an important source for the text and the interpretation of this Talmud. This article presents ten readings found in the Genizah fragments that re-illuminate some obscure issues in the Talmud and reevaluate questions in the history of its text. The studies also reveal some innovations in the study of the methods of transmission of the Jerusalem Talmud.
